ALLIES TO OCCUPY CITIES SOVIET RULE IS THREATENED

WILL SEND ARMY INTO GERMANY TOMORROW

(By Associated Press.)
LONDON, March 7.—The allied troops will march into Germany tomorrow, in accordance with the allies' decision, it was officially announced today.

The hour for the advance of the allied troops to occupy Düsseldorf, Duisburg and Ruhrort will be at daybreak tomorrow, it was announced here.

The application of penalties on Germany for her non-fulfillment of the reparations requirements was decided upon by the allies here this afternoon.

The penalties as announced by Premier Lloyd George of England, are:

Occupation of the cities of Düsseldorf, Duisburg and Ruhrort, in the German industrial area beyond the Rhine by the troops of the allies.

The imposition by each allied country of such a tax upon German imports as they may deem fitting.

Establishment of a customs boundary under allied control along the Rhine.

Premier Lloyd George informed the Germans that not only were the proposals made by Foreign Minister Simon unacceptable to the allies, but that notwithstanding the interval since last week's conference the Germans had not made such advance in their propositions as would justify the postponement of the imposition of penalties.

The British premier said he must announce on behalf of the allies a failure to come to even an approximate understanding with the Germans. "Until we get proposals from Germany which will mean a permanent settlement, there can be no peace," he declared.

BOERN, Holland, March 7.—Former Emperor William, who daily reads the German, Dutch and English newspapers, is closely following the progress of the London conference on German reparations.

GATHERING WASPS TO HELP GROW FIG TREES

(By Associated Press.)
SYDNEY, N. S. W., March 7.—Wasps by the thousands are being collected here for exportation to Hawaii, where they are needed to help propagate Moreton Bay fig trees. The trees were introduced into Hawaii from Australia years ago and grew very well but never could propagate their species because of the absence of a particular wasp said to be necessary to perform the act of pollination.

The wasps are being gathered under the direction of C. E. Pemberton, entomologist for the Hawaiian Sugar Planters' association.

LEMERICK MAYOR IS MURDERED BY ARMED MEN

(By Associated Press.)
BELFAST, March 7.—Bands of men, it was declared today, shot George Clancy, mayor of Limerick, and Michael O'Donoghue, former mayor of that city, in cold blood while they were in bed, and killed both. Mrs. Clancy, while endeavoring to protect her husband, was shot in the arm.

Limerick is intensely excited over the shootings, which are popularly interpreted as being reprisals for the assassination of Brigadier General Cumming, killed at Clonbanin on Saturday.

SENATE TO DISCUSS PENDING TREATIES

(By Associated Press.)
WASHINGTON, D. C., March 7.—In addition to receiving the list of nominations from President Harding, the senate today planned to take up a number of minor treaties, including several commercial treaties with Latin-American nations.

Of the pending treaties, it was indicated strongly by Republican leaders that the "three powers treaty" guaranteeing France against aggression, would remain in the foreign relations committee pigeonhole indefinitely, while President Harding's inaugural address was said to have left no doubt that the Versailles treaty would remain in the archives of the White House.

The Colombian treaty was reported to the senate by the foreign relations committee, but without announcement as to plans for its consideration.

Oil Man Enthusiastic Over Fish Lake Merger

Uvalde Burns, the Texas oil man who came to Nevada to make a personal examination of the Fish Lake district, and which was so satisfactory that he became identified with the Fish Lake Merger oil company, left for Los Angeles yesterday morning by auto, accompanied by George A. Foster. Mr. Burns states that he will return to Tonopah in a few days and expects to remain here and devote all of his time and energy in promoting the interests of the Merger company. According to Mr. Burns, the oil showing at Fish Lake could not be more promising. "I have been in the oil game for several years," said Mr. Burns, "and have put down many wells and examined many fields, and I can truthfully say I never saw one that impressed me so favorably as Fish Lake. There is no question in my mind but the Merger company will bring in the oil."

"I look to see the wildest kind of a boom in Tonopah within the next 90 days. Of course, no man can say positively from surface indications at what depth the oil will be struck, but I shall be very much surprised if pay oil is not encountered at Fish Lake at less than 1500 feet. But if the oil is not struck at that depth, the Merger company is prepared to go as deep as may be necessary, as it has secured one of the largest size Standard rigs with Standard tools throughout."

Mr. Burns was formerly general manager of the Houston Oil company and has been connected with several other successful Texas oil companies.

WILL PROBE BIG MAIL THEFT BY MINISTER

(By Associated Press.)
DANVILLE, Ill., March 7.—Steps to clear up one of the largest mail robberies of recent years will be considered by the grand jury that meets here today. It involves principally Guy Kyle of Mount Vernon, Illinois, formerly a minister, in whose home \$100,000 in cash was found, and who confessed. Another lot of \$85,000, mostly cash, was found stuffed in auto parts and other places in a garage in Mount Vernon jointly owned by Mr. Kyle and Loren Williamson. Williamson has denied any connection with the robbery.

Beyond admitting that he participated in the robbery, Mr. Kyle has refused information for publication. There have been stories that a band of expert robbers was involved and others that Kyle was alone.

Mr. Kyle formerly was a minister in the Free Methodist church. His connection with that church was severed in 1918. The Rev. G. W. Griffith of Chicago, who presided as visiting bishop over the Central Illinois conference at which the severance took place, said that Mr. Kyle was present and requested a certificate of standing. On investigation it was found that Mr. Kyle already had united with another church and that his credentials had been recognized by that other church. In view of the fact that Mr. Kyle had taken this step while still posing as a minister of the Free Methodist church, Rev. Griffith said his request for a certificate was denied and by vote of the conference he was declared withdrawn from the conference and the church.

Impressive Services For William Ingalls

Yesterday afternoon, while a drizzling rain fell upon the people assembled at Goldfield to pay their last tribute to their departed friend and beloved citizen, the late Sheriff W. A. Ingalls, many an eye was moist when his great virtues were spoken of both on the streets and at the funeral ceremonies held at the home of Goldfield lodge No. 1072, Benevolent and Protective Order of Elks.

All southern Nevada towns sent delegations to attend the services. It is estimated that 2000 people paid their last respects to the honored dead, a man whose friendship existed in every home in the southern part of our state.
